

AKASH I MUDENAGUDI

+91 7483262157 | akashimudenagudi1018@gmail.com | [LinkedIn](#) | [GitHub](#)
Gadag, Karnataka

Professional Summary

Computer Science undergraduate (CGPA:8.20) Specializiton in Python fullstack development with strong foundations in Python, Java, REST APIs, Data Structures, and Software Engineering. Experienced in building Alpowered applications,and workflow automation using Cursor, Claude, ChatGPT, and GitHub Copilot. Passionate about software quality, automation, AI-assisted development, and customer-centric software.

Education

- | | |
|--|-------|
| • Tontadarya College of Engineering , Gadag | 2023– |
| B.E in Computer Science and Engineering | 2027 |
| CGPA: 8.20 | |
| • Govt PU College,Gadag | 2021– |
| Percentage: 89.33% | 2023 |
| • Sri Basaveshwara High School Percentage: | 2007– |
| 86.40% | 2021 |

Skills

Languages: Python, Java, C, C++, SQL

Software Engineering: HTML, CSS, Javascript, React, MongoDB, OOP

Testing & Automation: Postman, API Testing, Automation, AI-assisted Testing

Developer Tools: Git, GitHub, VS Code, Cursor, Claude, ChatGPT, GitHub Copilot,

Core CS: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

Databases: MySQL, PostgreSQL

Cloud: AWS, Salesforce Data Cloud

Projects

CERTI CHAIN- AI INTELLIGENT

- Developed Verification of Digital certificate Using Blockchain Technology and Smart Contract
- Integrated Tamper prof verification, Uploading and issuing Certificates, and QR code verification.
- Integrated Ai Fraud Detection and Automated Validation

AI Powered Smart Placement System

- Built AI recommendation system for student-job matching.
- Developed ranking algorithms using Python.
- Improved recommendation accuracy using preprocessing.

AI Driven User Behaviour Analytics for insider Threat and Account Takeover Detection • Developed an AI-based system to detect insider threats and account takeover attempts by analyzing user behavior patterns.

- Applied Machine Learning techniques for anomaly detection and real-time risk assessment using authentication and activity logs.
- Improved security by enabling early threat detection, reducing false positives, and supporting proactive incident response.

Relevant Coursework

Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, Database Management Systems, Software Engineering.

Certifications and Achievements

- 24-Hours National level AI Hackathon,Reva University
- Certified By College Level 6 Hours Hackthon Hack-Fest(2025)
- Certified By be10X in AI tools workshop.(2025)
- Certified By Infosys in Data structures and Algorithm.(2024)
- Certified by SkillEcted in Quiz compitation on python(2026)

Languages

English, Kannada, Hindi
